Considering the vast range of options for excursions and activities in Prague, and the good transport network, it was decided to not organise a common excursion this year. All delegates are invited to visit one of the many world-famous sights and museums and choose based on their own preference.

If enough peoples will be interested, we can organize trip to:

Karlovy Vary (Charles spa) or Český Krumlov (UNESCO World Heritage city)

**Karlovy Vary**

Is a spa city in the Karlovy Vary Region of the Czech Republic. It has about 49,000 inhabitants. It lies at the confluence of the rivers Ohře and Teplá. It is named after Charles IV, Holy Roman Emperor and the King of Bohemia, who founded the city.

Karlovy Vary is the site of numerous hot springs (13 main springs, about 300 smaller springs, and the warm-water Teplá River), and is the most visited spa town in the Czech Republic. The historic city centre with the spa cultural landscape is well preserved and is protected by law as an urban monument reservation. It is the largest spa complex in Europe. In 2021, the city became part of the transnational UNESCO World Heritage Site under the name "Great Spa Towns of Europe" because of its spas and architecture from the 18th through 20th centuries.

**Český Krumlov**

Is a town in the South Bohemian Region of the Czech Republic. It is known as a tourist centre, which is among the most visited places in the country. The historic centre with the Český Krumlov Castle complex is protected by law as an urban monument reservation, and since 1992, it has been a designated UNESCO World Heritage Site because of its well-preserved Gothic, Renaissance, and Baroque architecture.
