UKWF Apprenticeship Certificate and Diploma Schemes

5th October 2023

UKWF Metrology Training Course

- Please join me in a BIG THANK YOU to Ian and Jeremy:
 - They Wrote all of the material for the course
 - They Presented all of the material on the course.
-
- Come down to the front

UKWF Metrology Training Course

- The FIRST UKWF course took place on 18th – 22nd September
- We hosted:
 - 7 In-Person Delegates
 - 9 Online Delegate

The Delegates all sat an exam at the end

UKWF Metrology Training Course

- The FIRST UKWF course took place on 18th – 22nd September
- We hosted:
 - 7 In-Person Delegates
 - 9 Online Delegate

The Delegates all sat an exam at the end they all Passed!

I would like to do the honour of presenting any delegates that are here with their unique Certificates.

Davina Kennedy	AMCS
Dylan Bolton	Globeweigh
GB Ackermann	Applied Weighing
Matt Clelow	AWM
Maxine Oyns	SG Weighing
Timmy Kearton	Globeweigh
Tony Groom	Northern Balance

UKWF Metrology Training Course

- **Course feedback:**
- General feedback I have received has all been positive
- We have performed a survey of all delegates, but not all feedback received yet
- Ian and Jeremy have also analysed areas for improvement
- and for any members who didn't attend, if you have reasons why, let me know and we will consider further changes

- So, I will update you all at the next meeting with regards to the “tweaking” that we will perform to make a great course even better!

- We will tentatively plan a 2nd course in Q1 next year and start to survey for delegates, so watch this space!

UKWF Metrology Training Course – Member Benefits

- Just remember – this training is currently ONLY available to UKWF Members
- If your employees have the certificate – you can use it as a differentiator against non-UKWF competition
- It is just another sign of your professionalism and your quality
- It demonstrates that you invest in a highly-skilled workforce and value your employees' expertise
- All of the training delegates should be very proud - and all of the members that supported them should be equally proud!

Next Steps

Slide from our last meeting

- Apprentices (Diploma):
 - If you want to recruit an Apprentice, start now!
 - Obtain the fact sheet and start the process with a selected scheme provider
- Existing Employee Training (Certificate):
 - We will confirm the pricing as soon as we can
 - In the meantime, in order to gauge the level of interest, we will contact all members to ask how many employees would they like to put through the Certificate program
- Our plan remains to be running our first training courses by September 2023!

- Apprentices (Diploma):
 - If you want to recruit an Apprentice, start now!
 - Obtain the fact sheet and start the process with a selected scheme provider
- Existing Employee Training (Certificate):
 - We will confirm the pricing as soon as we can
 - In the meantime, in order to gauge the level of interest, we will contact all members to ask how many employees would they like to put through the Certificate program
- Our plan remains to be running our first training courses by September 2023!

We have surveyed you all to understand the number of potential Apprentices

UKWF Metrology Apprenticeship Diploma

- The team will now start to focus on the Apprenticeship Diploma
- Once we have the number of Apprentices, the team will:
 - Finalise the costs involved with running the Diploma
 - Discuss with participating members:
 - Split of In-Person and Online
 - Content
 - Duration (we originally suggested 15 days)
- Ian and Jeremy will have a lot more content to write for the Diploma, so we will start to plan for this too
